Ryan,

I am requesting it be circulated immediately. It looks like they sent it to Councillor McDonald and I last night. We both saw it this morning, or would have likely attended last night's meeting. We are also going to see if we can book Finance for Tuesday. Obviously had we known, we would have scheduled one earlier this week. I'll follow up on the other item shortly. Thanks for reaching out.

Amanda

Subject: A request and a question...

Hi Amanda,

I just learned about the memo that was circulated to some regarding net school spending in relation to insurance rates. Please have this forwarded to the full council so that we are all apprised.

I would like some clarification on what the below executive session is regarding. What is this concerning?

Thank you,
Ryan
